## Kylie Jenner's New York City Dinner With Friends and More Star Sightings

**Kylie Jenner** is making a splash in New York City.

The young E! star and a gaggle of her friends (including actress **Hailey Baldwin**) had dinner last night at the Stanton Social.

Kylie took photos with fans and enjoyed a Shirley Temple from one admirer who accidentally tried to send her a round of shots before learning she's only 15, says a source. "Shout out to the guy who sent a Shirley Temple to my table," Kylie [tweeted](#).
